## SPREADING CHOLERA

Shameful Lack of Precautions Taken by a Chinese Vessel.

## AN INFECTED CARGO AND CREW.

Sixty Coolies Die on Shipboard and Their Bodies Thrown Into the Sea Without Any Ceremony—The Captain to Be Arrested and Tried for the Carelessness.

SAN FRANCISCO, Aug. 27.—Advices from Singapore state that the steamer Nanchow sailed from that port with 800 Chinese coolies for the Penang market. The officers were Chinese, with the exception of half a dozen Europeans. While at sea cholera broke out among the Chinese. The sick crowded into the cabins, where a Presbyterian minister and one lady passenger had taken refuge. After a terrible hurricane, the cholera continued to spread, and deaths became very numerous. At first each victim was cast into the sea with a bar of pig iron in the sack. Soon, however, the dead were mostly thrown overboard without ceremony.

The death roll grew alarming and no less than sixty bodies were thrown into the sea. The supercargo had supreme control and insisted upon heaving overboard all the effects of the dead. Under threats, the captain upon arrival at Singapore, reported only six deaths to the harbor master, three from influenza and three from "want of opium and general debility." Many passengers were landed and no quarantine being declared proceeded to Penang with the rest of the infected cargo and crew. In four days nine cases of cholera developed in Singapore, all traced to the steamer Nanchow. On the steamer's voyage back from Penang after landing 200 coolies there, the first European victim, the third engineer, an Englishman, succumbed to the terrible disease. When the Nanchow arrived at Singapore the health officer was on the lookout and sent the vessel into quarantine. When the vessel is released the captain and supercargo will be arrested and placed on trial in Singapore.

## TERROR TO FARMERS.

Wild Man or Beast in the Vicinity of Martin's Ferry, Ohio.

MARTIN'S FERRY, O., Aug. 27.—The farmers near Wegee, this county, have organized to hunt down the wild man or animal that has been killing and devouring sheep, hogs, chickens, etc., in that section. Many of the farmers are afraid to work in their fields, go out after their stock and go to sleep at night, fearing they will be killed.

The wild man, or whatever it is, has been seen by Samuel Crow and others. Crow says he is covered with dark reddish hair, has long ears, small eyes, teeth like those of a wild boar, huge mouth and paws, measures about five feet in height, and weighs fully 200 pounds. It is said that the wild man, or whatever it is, walks and runs as well on two as four legs, can climb a tree or hill quickly, and is seen only in the mornings and evenings. Farmers and their families in the vicinity are very much frightened.

## YELLOW FEVER IN MEXICO.

Many Deaths Occurring from the Dread Disease.

NEW YORK, Aug. 27.—Mail advices from Mexico report the death from yellow fever in the City of Mexico of Charles Stephen, an American journalist, who was traveling through Mexico to collect data for a book on that country and its leading people. Vera Cruz is still infected with yellow fever, many deaths occurring.

The letter states that editors and reporters, whose productions do not suit the government, are being ordered out of Mexico or imprisoned on trivial charges. The government is just now trying to trace the identity of an American writer who sent to his paper a long article reflecting upon President Diaz and his followers.

## Pennsylvania Patrons of Husbandry.

WILLIAMS GROVE, Aug. 27.—Yesterday's attendance at the third day's assembly of the Patrons of Husbandry is estimated at 16,000. Ex-Lieutenant Governor Black spoke in favor of a constitutional convention. Pennsylvania not having had, he asserted, an honest election in twenty-five years. The expense of holding it, he declared, would be only a few hundred dollars more than Bardsley stole from the treasury. Congressmen Black, however, opposed silver coinage. In the afternoon the new Grange hall was dedicated, on which occasion Generals Gregg and Goblin and Mr. Southworth spoke, the latter advocating silver coinage.

## Freight Engine Jumps the Track.

CHICAGO, Aug. 27.—The engine of a freight train on the Rock Island railroad jumped the track at One Hundred and Third street, near the city limits, at noon yesterday, and was ditched, several cars immediately piling upon it. William Matthews, the conductor, was buried beneath the engine and crushed beyond recognition. David Butler, the engineer, and James Clark and Henry M. Anderson, switchmen, were severely injured. The fireman jumped and escaped unharmed.

## Arrested for Murder.

NEW YORK, Aug. 27.—A negro named Alfred Johnson was arrested at Stanhope, N. J., yesterday, for the murder of Theodore Freeze, of Brooklyn, who was killed near Hope, N. J., Sunday night two weeks ago.

## Heard from Again.

NEW YORK, Aug. 27.—The steamer Suevia, which was spoken with her propeller damaged, has been spoken again. She was 400 miles from New York, proceeding six knots an hour.

## AMERICAN CATTLE.

The Dominion Premier on Their Importation Into Canada.

OTTAWA, Aug. 27.—Premier Abbott, in the Senate, in reply to a question by Senator Power, stated that the government had still under consideration the question of allowing the importation of American live cattle to be slaughtered in Canada. As the matter has been brought up he said he would state exactly how the matter stood. It has been the custom to allow the shipment of American cattle in bond through Canada from one point to another in the United States. These cattle were taken from cars at one or two intermediate points in Canadian territory and fed and watered. Of course strict quarantine regulations were observed, and the government saw no serious difference in allowing the importation of these cattle into Canada to be slaughtered for export.

Correspondence with the imperial authorities on the subject had led to the drafting by the Canadian government of certain rules and regulations of quarantine, to be enforced as safeguards from infection in the shipment of these cattle into Canada. These regulations were submitted to the imperial privy council, which declared them in every way satisfactory for the purpose intended. Although the government had not finally decided the question, he could announce that within a few years in all probability there would be established at several points in Canada large meat packing concerns, as a large number of prominent cattlemen desired to start enterprises of this kind.

## A MISER'S DEATH.

His Relatives Find \$17,000 Concealed in a Trunk.

ST. LOUIS, Aug. 27.—Edward Baker, an old citizen of St. Louis county, died at his home about two weeks ago apparently in destitute circumstances. A few days ago some of his relatives were cleaning up the house in which he died for the purpose of occupying it, and discovered an old trunk containing \$17,000, of which \$12,000 was in greenbacks and \$5,000 in gold and silver. The deceased left a widow and three children, none of whom suspected his having the money. He was a farmer by occupation, but was miserly to a degree.

## The World's Coffee Crop.

WASHINGTON, Aug. 27.—The annual coffee crop of the world is estimated at over 11,000,000,000 pounds, worth at first hands \$135,000,000. This enormous quantity is grown in islands between parallels of 30 degrees north and 30 degrees south latitude, mainly in British India and the neighboring islands, in Liberia and other parts of Africa, in the West Indies, Mexico, Central America and Brazil. The domestic consumption of the United States amounts to \$61,132,100 pounds, which is valued here at \$72,140,000, and of which 90 per cent. comes from countries geographically belonging to this continent.

## Hanged by Masked Men.

TULLAHOMA, Tenn., Aug. 27.—Yesterday morning masked men broke open the work house and taking out Will Lewis, colored, hung him to a tree. Lewis had been arrested the day before on a charge of disorderly conduct, and why he was lynched is not known. There is much indignation here among the law-abiding citizens, and a monster mass-meeting was held yesterday afternoon at which the governor was memorialized and requested to offer a reward for the lynchers. The board of aldermen last night offered a reward of \$100 for the murderers.

## Quadruplets.

GREENFIELD, Mass., Aug. 27.—North Leverette, a little hamlet in the eastern part of Franklin county, had a genuine sensation Monday, when the townspeople learned that Mrs. Alvin J. Moore had given birth to four babies—three girls and one boy. The three girls died soon after birth, but the boy is likely to live. The mother is a large, strong woman, while the father, who is a lumber merchant, is a frail man in poor health.

## Born in 1784 and Still Alive.

MONTVILLE, Conn., Aug. 27.—Relatives and friends assembled in the old Smith homestead to celebrate the 107th birthday of Father Martin Smith. Mr. Smith has more than 200 descendants in this country. The day he was one hundred years old he won a rifle match, contending with shooters of all ages from sixteen to sixty years.

## Train Robber Confesses.

COLIER STATION, Ga., Aug. 27.—Jin Thornton, one of the men who robbed an express train several nights ago, has been arrested and has confessed to the crime. He returned \$960 of the money taken. Thornton says his two associates were recently discharged employees of the road.

## Army Worms in Cotton.

LITTLE ROCK, Aug. 27.—A leading cotton planter of Pulaski county has arrived here and reports that great damage is being done to cotton by army worms. He says the insects are found in large numbers for miles around. He estimates the damage already done at 20 per cent.

## Negro Murderer Captured.

PETERSBURG, Va., Aug. 27.—A special to The Index-Appeal from Suffolk, Va., says that a telegram received there announces the arrest at Raleigh of the negro, John Royster, who is charged with the murder of John P. Eppes, telegraph operator at Suffolk, on July 29.

## At a Crossing.

NASHUA, N. H., Aug. 27.—W. H. Campbell, a paper box manufacturer, was riding with his wife and daughter when the carriage was struck by a train and all were severely injured. Miss Campbell and her mother perhaps fatally. The horse and the dog were killed.

## NO JEWS IN MOSCOW.

Such is Liable to Be in the Near Future.

## RESULT OF THE PERSECUTIONS.

Even the Merchants of the First Guild Are Preparing to Leave the City, the Latest Order of the Government Making It Almost Impossible for Them to Live There—Other Foreign News.

LONDON, Aug. 27.—A dispatch from Moscow says that even the Jewish merchants of the first guild are preparing to leave the city. The latest order makes it impossible for them to carry on business, as Jews are not allowed to employ Christians, and all other Jews but the merchants of the first guild being ordered to leave Moscow, the merchants can no longer conduct their traffic. Besides, the freedom of the guild is liable to yearly revocation, and would not probably be renewed. The result will be that in the course of a few months Moscow will be entirely clear of Jews. Owing to the fact that Jews are being sent back in large numbers on account of destitution from Germany and Austria, the Russian government has issued orders to the police to abstain from plundering Jews who are on their way out of Russia.

## Bald Robbery.

PARIS, Aug. 27.—A remarkably daring and successful robbery by which Madame Boulanger, wife of General Boulanger, is a heavy loser, was committed yesterday afternoon. Shortly after mid-day two men made their way into the apartments of Madame Boulanger during her absence therefrom, and got \$1,600 in money, together with a large number of bonds and railway securities. After stowing their plunder away in a valise the thieves left the room and deliberately descended the stairs, passing on the way Madame Boulanger, who was returning to her apartments. The men then walked by the lodge of the concierge without attracting attention, and finally reached the street, where they mingled with the crowd and disappeared. The police, who are hard at work on the case, believe the thieves to be members of the London swell mob.

## Sacramental Wine Poisoned.

ROME, Aug. 27.—The Popolo Romano publishes a sensational dispatch from Palermo which says that Don Giuseppe La Rosa, private chaplain to the Countess of Mazzarino, while celebrating mass in the presence of the family, suddenly fell to the floor in violent convulsions, his limbs writhing and froth foaming upon his lips. He was speedily removed to his private apartments, but before medical aid could be summoned he died in fearful agony. The same dispatch says that an investigation revealed the fact that the chaplain had been poisoned with corrosive sublimate which had been put in the sacramental wine served at the mass. The police of Palermo are making strenuous efforts to discover the perpetrator of the shocking crime.

## Gloomy for the Dutch.

LONDON, Aug. 24.—Advices recently received from the Hague give a very unpromising account of the war with Achaea which has been in progress for a number of years. Offensive operations are no longer carried on by the Dutch, who are content to maintain a blockade, while resisting any attempt of the Achaeans to break through into Dutch territory. So far the blockade has no apparent effect in subduing the spirit of the Achaeans, who show no signs of lacking food, their country being amply able to maintain its population. The Achaeans threaten to assume the aggressive, and the prospects are decidedly gloomy for the Dutch.

## New Use for an Elephant.

LONDON, Aug. 27.—A dispatch from Tangiers says that the elephant presented by the Queen of England to the Sultan of Morocco is being utilized by that potentate at Fez in trampling the life out of the unfortunate taken captive in the recent rebellion. The sultan is highly pleased with this new mode of crushing his enemies out of existence and has a new lot brought on every day. They are laid in a row and the elephant is made to step on them. One step is said to be quite enough if applied in the right direction.

## Parliamentary Election.

## EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
ROSSE & McCARTHY,  
Proprietors.

THURSDAY, AUGUST 27, 1891.

THE State lost a good official and an able and zealous public servant when Railroad Commissioner Hager resigned, but his successor, Hon. G. M. Adams, is equally as able and well qualified for the position.

Ohio Republicans have a good deal to say about the alleged wranglings in the Democratic ranks, but it seems that much of their laughing is done to detract attention from the factional warfare in their own party.

HON. JAMES W. UTTER, well known in Maysville business circles, is one of the Democratic nominees for State Senator at Cincinnati. He is as clever a gentleman as ever solicited an order, and we hope he will be honored by a handsome majority in November.

GOVERNOR BUCKNER wore the gray and Colonel Matt Adams wore the blue during the "late unpleasantness," but they are now the warmest of friends. Placing the Colonel in a nice position on the Railroad Commission will be one of the Governor's last official acts.

SENATOR LELAND STANFORD is working the wires for the Republican Presidential nomination in 1892. This settles him with the People's party. Perhaps it is well for the P.'s party that it does. It wouldn't look well for the People's party to place a millionaire at the head of their ticket.

SEVERAL Democratic journals are trying to groom Senator Gorman, of Maryland, for President in '92, but the distinguished Senator puts a quietus to their work by stating that his State will send a Cleveland delegation to the next National convention. The Senator knows that Cleveland is the choice of his party.

REPUBLICANS have aimed to shut out foreign wool by placing a high tariff on the article. But, it is a significant fact that the imports the first four months this year were double those for the corresponding period last year. Not only is this true, but the price of the domestic clip has decreased. McKinley's boasted protective (?) tariff appears to be a failure as far as the wool schedule is concerned.

MCKINLEY will have a difficult time explaining to the sheep-raisers of Ohio why his pet measure has not only cut down the price of domestic wool but increased the imports of the foreign article. The aforesaid pet measure was designed to shut out foreign wool and give the sheep-raisers of the country a monopoly of the business of furnishing the manufacturers of the country with all the wool they needed.

KENTUCKY Republicans seem to think that a race for office on the State ticket always entitles them to something nice from the National administration. Major Wood, late candidate for Governor, wants an appointment to the Federal bench, and Mr. Houston, his running mate, would like very much to gobble the post-office plum at Paducah. Does a race for State office qualify a Kentucky Republican for a Federal appointment?

JUDGE BENNETT, of Greenup County, Dr. James of Muhlenberg, and Thomas O. Pettit and J. T. Birkhead of Daviess, are among the Representatives-elect of the next Legislature; that is, they received a majority of the votes in their respective counties at the August election. But, it is extremely doubtful whether they will be allowed to take their seats when the General Assembly convenes.

They were all members of the Constitutional convention when chosen Representatives and still hold their positions in that body. A little investigation on the part of the Louisville Times' correspondent George Willis has brought to light the fact that they are clearly ineligible. Section 27 of the Constitution provides that

"No person, while he continues to exercise the functions of a clergyman, priest or teacher of any political persuasion, society or sect, nor while he holds or exercises any office of profit under this Commonwealth or under the Government of the United States, shall be eligible to the General Assembly, except attorneys-at-law, Justices of the Peace and militia officers; provided that attorneys for the Commonwealth who receive a fixed annual salary shall be ineligible."

This settles the question of their eligibility. Section 6 of chapter 81 of the General Statutes says the votes cast for such ineligible persons are void, and under this the parties who received the next highest number of votes in these counties at the August election are clearly the legally Representatives-elect.

Bennett and James are Republicans, Pettit and Berkhead, though professed Democrats, were elected on the Alliance ticket. They ought to have been satisfied with one office at a time.

People invariably get left when they try to "hog" everything in sight.

### River News.

Most all the packets were delayed by fog this morning.

The Congo is due up for Portsmouth at 9 p.m. and the Carrollton will pass down at 5 p.m.

At one coal tipple near Pittsburgh, 29,000 bushels of coal were loaded in a barge in ten hours, Saturday.

The Boston is to-night's packet for Pomeroy and the Keystone State will pass up for Pittsburgh. Due down: Andes this evening and St. Lawrence to-night.

Under the new plan of building boats, all the timbers are sawed, holes bored for the bolts and otherwise prepared before the boat is ready to be built. In this manner nothing remains but fitting the timbers together, which are carefully marked, and the work of construction is only a matter of a few weeks.

### Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative and if the father or mother be costive or bilious the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

### Ripley, O., Fair.

August 25, 26, 27 and 28. Tickets on sale for the above occasion by the C. and O., at rate of 25 cents for the round trip from Maysville. Limit on tickets expires August 29th.

### A Traveling Man's Experience.

F. S. Verbeck, who represents the type foundry of Messrs. Barnard Bros. & Spindler, Chicago, says: "On my return home from a trip I found our little girl sick with summer complaint. I went to a drug store and procured a bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy. We gave her a few doses according to directions. She recovered in a short time and we were well pleased with the medicine." For sale by Power & Reynolds.

### OUR NEIGHBORS.

#### LEWISBURG.

Mrs. Ann Hopper and daughter, Mrs. Hinton, of Fleming, are visiting here.

The rain the last few days has improved the corn and tobacco crop wonderfully.

W. A. Marshall, of Maysville, was rustinating among his many friends here Sunday last.

Misses Marie Andrews Strode and Edith Berry are visiting Miss Hattie King, of near Millwood.

Wm. R. Key is building a very nice residence. He expects to move into it the early part of October.

Miss Bessie Strode has returned home after a pleasant visit to her aunt, Mrs. Charlotte Clift, of Maysville.

We are glad to welcome Mr. James Chamberlain among us again. He has moved back from Lexington.

Miss Bertha Davis and brother, Master Alvin Davis, of Lexington, have returned home after a visit to relatives here.

Miss Jane R. Park, of Marble Hill, Mo., is visiting Mrs. O. M. Calvert. She will teach school in Glasgow, Ky., this fall.

Miss Iva Perry, of Paris, and Misses Allie and Ida Alexander and Cora Lowry, of Maysville, are visiting Miss Lena Alexander.

Rev. J. W. Loving left Tuesday afternoon, August 25th, on the F. E. V., to visit relatives in Independence and Kansas City, Mo. He will return in about two weeks.

Mis Lena Alexander entertained a few of her friends Monday evening in honor of Miss Iva Perry, of Paris. Ices, cakes and fruit were served at 10 o'clock, and all had a delightful time. Those present were Rev. Mr. Alexander, Misses Allie and Ida Alexander and Cora Lowry, of Maysville; Miss Rose Andrews, of Cincinnati; Misses Bertie Wallis, Bessie Strode, Nellie Cahill, and Messrs. James Owens, Pearce T. Calvert, Wm. Gabby, Jr., Benjamin F. Gabby, Clarence McCracken, Basil D. Strode, Wm. P. Lindsey, James Gabby, Dr. L. H. Long, Jr., of Flemingsburg; Mr. and Mrs. James E. Cahill and Mrs. James Chamberlain.

### THE WORK OF MONSTER GUN.

#### A Shell Sent Forty Feet Into Steel, Iron, Oak, Granite, Concrete and Brick.

Some idea of the power of the heaviest of modern ordnance, says the New York Herald, may be gathered from the following facts about the English 110-ton gun:

It weighs 110-tons, is 43 feet 9 inches long, and has a diameter at the breech of 5 feet 6 inches and a caliber 16½ inches. It is made at the Armstrong works, at Newcastle, England, and the shortest time in which it can be built is fifteen months.

Its charge is 900 pounds of best prismatic gunpowder, and the cylindrical steel shot weighs 1,800 pounds. The expense of firing a single shot is £117 (about \$860), and as the gun will not bear firing more than seventy or eighty times its deterioration must further be reckoned as expense.

A battering shot from this gun penetrated entirely through compressed armor (steel-faced iron) 20 inches thick; then through iron backing five inches thick; then it pierced wholly through twenty feet of solid oak, five feet of granite and eleven feet of hard concrete, and went three feet into a brick wall.

It is very apparent that the projectiles from this gun would penetrate any fort now existing, and would go very nearly clean through any man-of-war afloat, no matter where it hit her.

There are several serious drawbacks to this gun, however. The chief one is that it is not strong enough to sustain its own weight. The guns on board the battleship Victoria have a decided droop, and it is believed that guns of this size cannot be built up by the present system of construction with a certainty that they will maintain their shape. It is also admitted that their lifetime is short, and that dependence could not be placed on their safety after about seventy shots. No more of these will be built for navy use, and it is doubtful whether they will be in much demand for fortifications.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

### THE MARKETS.

#### CINCINNATI LIVE STOCK MARKET.

#### CINCINNATI TOBACCO MARKET.

(Tuesday.)  
The "breaks" were very large, being about the largest number on Tuesday for almost a year, and amounting to 75 bids, which was 213 more than the same day last week.

The market is good, in consequence of buyers, and quite a number of shippers present, and the market showed a very fair degree of animation.

Tobacco and sugar were in good demand, and for those that are bright and in good condition there was a fine and rather active market.

Common and medium leaf was neglected to some extent, but prices were unchanged. The quantity of good and choice on sale was light, but for such there was an active demand at full prices.

At the district meeting of the Farmer's Alliance held in Maysville a few days ago, Joseph Ball, of Fleming, was re-elected President; John B. Wilson, of Bath, was re-elected Secretary. A. P. Hord, of Fleming, was defeated in his effort to be re-elected Lecturer.

The new Constitution majority was underestimated, but that sixty thousand pounds of barb and plain fence wire was not overestimated. Frank Owens Hardware Company can furnish any quantity of it.

If you were born in August, "wear the moonstone, or for thee no conjugal felicity; the August born without this stone, 'tis said, must live unloved and lone." Ballenger, the jeweler, has a full line of lovely birthday rings.

Mr. C. C. Dohyns is remodeling and enlarging the frame cottage recently moved back from near the Limestone bridge to the orchard lot in the rear. It is to be made a two-story, and when completed will be a very handsome residence.

Mrs. JAMES BARNHORN, who has been confined to his home several months with rheumatism, left this morning for Clifton Springs, N. Y., in hopes of receiving some benefit from the waters of that health resort. He was accompanied by Mrs. Barbour.

AFTER a fierce struggle the City Council of Cleveland, O., has passed an ordinance reducing the price of gas from \$1 to 60 cents per thousand. This was done after a rigid investigation of the cost of production. The gas companies will fight the matter to the end in the courts.—Ex-change.

THE tobacco reports coming in from the country vary considerably, some portions claiming a short crop but others a very large yield. Frank Owens Hardware Company are manufacturing the celebrated Armstrong tobacco knives, and can furnish any number of them to the wholesale trade.

August 25, 26, 27, 28 and 29. Round trip tickets at the low rate of one fare from all stations on the Kentucky Central. Tickets now on sale, and good to return until August 31st. Visitors to the fair from points on Maysville Division can return on regular train leaving Lexington at 5:20 p. m.

THE annual reunion of the old settlers of Mason, Lewis and Fleming counties will be held at Ruggles' camp grounds on Saturday, September 5th. Everybody cordially invited to attend, and to bring well-filled baskets, that all may have a good old-fashioned dinner, spread under the shade of the forest trees. Speakers will be in attendance and a choir of young ladies will furnish music.

TUESDAY, September 1, 1891, the Chesapeake and Ohio Railway will run a special train from Portsmouth and intermediate stations to Cincinnati, at the low rate of \$1.25 for the round trip. Tickets good returning two days from date of sale. This will be the opportunity to see that grand pyrotechnical display, Pain's "Last Days of Pompeii;" go to Latonia races; visit the Zoological gardens or take in the theatres.

A PECCULAR accident occurred at Georgetown yesterday about noon. While waiting to be transferred to the Midland road for Frankfort, Harden Davis, a private in the Buckner Rifles, of Harrodsburg, was fatally injured. In leaping into the air to catch an apple thrown him he struck a bayonet in the hands of a fellow private and it pierced his head behind the ear, passing entirely through it, protruding several inches above the head. He was still alive at last accounts, but can't recover.

THE Paris Kentuckian has the following complimentary notice of a woman well known in Maysville: "Mother Gonzaga has been in a convent forty-seven years. She is one of the most pleasant ladies we ever met, and it was really a pleasure for the reporter to converse with her. The Paris convent was established twelve years ago, and during that time Mother has made many friends, and members of all denominations will unite with us in deeply regretting her departure, and wishing that in her new and far away home her lines may fall in pleasant places."

ALL you lovers of the national game, go to Louisville next Sunday to see the game for that purse of \$500, between the Maysville Browns and Paris Blues. Remember the citizens of Paris have chartered four of the coaches on the special train that will run from here to send a delegation down to see that their boys get fair play. Let Maysville see that our club will also have friends and won't be imposed on. It's the third game between the above mentioned clubs. The first at Frankfort for a purse of \$200, was declared a draw; the second game at Cynthiana for a purse of \$200 was hotly contested and won after the tenth luring by the Paris team, the score being eleven to ten, and as this is the third meeting of these clubs it is looked upon as the game of the season.

### Marie Decca.

Miss Marie Decca, one of the most talented vocalists of the day, better known by her Kentucky friends as Mairie Johnson, will arrive this week, and will be the guest of Dr. and Mrs. John A. Reed. She will spend some time with friends and relatives in this city and county. She has been sojourning at Chautauqua, N. Y., for several weeks, and her sweet voice captivated the many people there as it has done wherever she has appeared. The Chautauqua correspondent of the New York Tribune, writing on the 17th of this month, refers to her singing in the following terms:

"Marie Decca, the Washington singer, has captivated Chautauqua, and will be kept here till the close of the Assembly. The ovation given her Thursday has not a parallel in the history of Chautauqua, and, so far from subsiding, is only on the increase. Bishop Vincent promptly recognized the popular clamor by re-engaging her. Miss Decca's singing brought tears to many eyes Thursday, and not a few persons were like children. One young lady of much musical ability, after following a high sustained passage of remarkable sweetness and pathos, actually fainted away. A big concert has been arranged for to-morrow, and the Press Club will entertain the singer on Wednesday."

Maysville people would be glad of an opportunity to hear Miss Decca during her stay here, and it is to be hoped she will consent to appear in concert.

### Run Over and Killed by a C. and O. Train.

A deplorable accident occurred yesterday morning on the C. and O. near South Ripley, resulting in the instant death of Mrs. Moses Moore.

The Moore residence is a short distance east of the station, and there is a curve in the road just east of the residence.

Yesterday morning when the westbound Huntingdon accommodation rounded this curve, Mrs. Moore was seen standing on the track just in front of her home, the house being close to the road. The train was running very fast, and the engineer was unable to check it in time to save the unfortunate woman. Mrs. Moore was struck and instantly killed.

Mrs. Moore was sixty-five years of age. Her husband, Moses Moore, Sr., and four sons and one daughter survive her. They all reside at South Ripley.

Deceased was a sister of Mrs. Frank Conway, who, with her husband, was murdered by the negro Craig, a few weeks ago near Paris.

### Base Ball Excursion.

Another match game for a purse of \$500 has been arranged between the Paris Blues and Maysville Browns to be played at the base ball park in Louisville next Sunday. Special train will leave here at 6:30 a. m. Sunday; returning leaves Louisville at 8:30 same evening, arriving here at 1:35 a. m. Monday. The fare for the round trip has been placed at the remarkably low rate of \$2. Those that accept this opportunity of making a trip to Louisville will not only have ample time to see the game of ball, but as they will spend nine hours in the city, there is no reason why they shouldn't take in all the sights that make Fall city, so noted.

### Here and There.

Miss Hattie Hamilton attended the Ripley fair this week.

Misses Anna and Margaret Allison are visiting at Lexington and Nicholasville.

Mrs. Wilson Miller and sister, Miss Anna S. Cullen, are visiting in Cincinnati.

Miss Ella Gunn and sister, Lottie, are at home after a visit in Newport and Cincinnati.

Miss Minnie Connor, of Cincinnati, has returned home after a visit to Miss Lettie Owens.

Mrs. T. R. Rankin, of Cynthiana, is visiting her nephew, James M. Woods, of Chester.

Miss Lillie Keifer, of Walnut Hills, has returned to her home after spending a few days with her cousin, Miss Ella Gunn.

### Stock and Turf Items.

Montana has \$48,000,000 worth of live stock.

Smith & McClintock, of Bourbon, sold eighteen 1,300-pound cattle at 4½ cents, and fifteen 1,000-pound cattle at 3½ cents.

Direct, who made a pacing record of 2:15½ at Cleveland, recently, has a trotting record of 2:18½. Minnie R. and Jewett are the only other horses that have records at both gaits better than 2:20.

Speaking of hogs, the Texas Live Stock Journal says that experience has fully demonstrated that it is necessary to introduce new blood every three or four years. The best herds will, if allowed to breed on, soon degenerate into very inferior common stock.

The following pacers have entered the 2:20 list this year: Country Girl, 2:17½; Delaware Boy, 2:19½; Johnny Smoker, 2:16½; Ed Rosewater, 2:16½; Lady Sheridan, 2:19½; Neddy II, 2:17½; Frank Osman, 2:18½; Maud Neff, 2:19½; Lee H., 2:17½; President Wilkes, 2:19½; Ivorine, 2:19½, and Telegram, 2:10½.

## SIXTY-ONE BODIES

Taken from the Park Place Wrecked Buildings.

### NO MORE NOW IN THE RUINS.

There is still seventeen persons unaccounted for, and it is believed that some of them were entirely consumed by the fire—A list of the identified dead.

NEW YORK, Aug. 27.—The worst is known about the Park Place disaster. Sixty-one bodies have been taken out, and the announcement is made that there are no more in the ruins. At 2 o'clock yesterday afternoon Acting Fire Chief Reilly said that the search for the dead in the ruins was completed and that no more bodies remained there. Work was at once stopped and the laborers employed in clearing out the debris were discharged.

The number of unidentified dead taken from the ruins is eighteen. Allowing that eighteen of the missing persons are represented by the unknown dead, it will be seen that there are still seventeen unaccounted for. They are not in the ruins. And if not, comes the natural query from every side, where are they? The theory is advanced that owing to the fierceness of the flames, which raged several hours, some of the bodies were entirely consumed.

The list of dead identified up to the present time is as follows: Charles Breitner, Gustav Ouary, Leonard R. Cole, A. Dershipoki, Adam Dehton, Lizzie Dowd, William H. Ellis, John Faith, Jennie Flower, John Gibbs, Frank Hatch, Annie Haegney, Jacob Heidenrich, Morris A. Herring, John M. Hillis, Lottie Hein, John Hyland, Arthur Kittle, George Loebbe, Robert H. Marks, Sarah McMahon, Annie Muller, Peter Miller, Albert E. Middleton, Andrew Peterson, Maggie Quinn, Mary Reddin, Gustave Steiner, George Sullivan, Ferdinand W. Tripp, Annie Tully, Otto Walser, Henry Williams, Mary Williams, Lizzie Wood, Gustave Zickert, Gustave Reich, William Schell, — Schmalbach, Conrad Schmidt, M. H. Shaddock, John Steinke, Michael Slattery.

Coroner Hanley said yesterday afternoon that he would empanel a jury to hold an inquest in the case of the victims of the collapsed building. He intends to select architects, builders, printers and at least one chemist as jurymen. He intends to hold the inquest next Tuesday.

At noon yesterday Mayor Grant appointed a relief committee to look after the sufferers from the disaster. The subscriptions already reach \$1,436. Mrs. D. Jones Crain, owner of the collapsed building, subscribed \$1,000 of this amount.

C. C. Shelley, proprietor of a printing establishment, who occupies the fourth and fifth floors of the building adjoining the Taylor building on the east, in an interview with a reporter of the United Press yesterday said:

"I was in my office when the crash came, and eight of my employees were working at the case by windows directly overlooking the Taylor building. By the time I reached the window the atmosphere high up above the building was full of a dense, luminous fog, unlike dust, but more like the vapor from a gas or volatile oil suddenly touched off. I also heard a report similar to that of a gun before the walls toppled over. In a few seconds more flames shot up from the ruins, accompanied by smoke, which follows the sudden ignition of naphtha or benzine."

"I am satisfied that an explosion occurred, and the testimony of my employes to the effect that the roof appeared to rise several feet and then go down, seems to corroborate what I heard. I believe, in the first place, that the building was weak, and was overburdened with weight. Several of the No. 9 Hoe lithographic presses, which are twice as heavy as ordinary printing presses, weighed at least ten tons each. Besides, there were a number of heavy German presses. Added to the enormous dead weight of paper on the upper floors it only needed something to precipitate the fall of the building. That something came with the result above mentioned."

### UNION VETERANS.

Several Resolutions Passed by the Cleveland Convention.

CLEVELAND, Aug. 27.—General Clark called the second session of the Union Veterans' union convention to order at 9:30 yesterday morning. The first business in order was the report of the committee on resolutions. Among the resolutions read was vigorously protesting against the employment of aliens or foreigners in government office to the exclusion of veterans and their wives and families.

A resolution to erect monuments to the unknown dead in each city in the south where Union soldiers are buried, was adopted after considerable discussion. The convention adjourned shortly before noon in order that the veterans might take carriages to Lake View cemetery, where Garfield's tomb was visited in the afternoon. A camp-fire was held in Music Hall last night.

### Sons of Veterans.

MINNEAPOLIS, Aug. 27.—The commander-in-chief of the Sons of Veterans yesterday adopted a plan for the organization of its military rank into a body to be known as the Sons of Veterans' guard. It provides for the regular organization of companies, regiments and brigades, uniformed and governed, so far as possible as the United States army is. In the afternoon all visiting delegates and camps participated in the exposition parade. Washington, D. C., Helena and Omaha are fishing for the next encampment.

### Accidental Shooting at Coney Island.

NEW YORK, Aug. 27.—Joseph O'Brien, son of the late John J. O'Brien, the well-known New York Republican politician, was accidentally shot and killed at Coney Island yesterday, by Joseph Cropey, a fellow-member of the Atlantic Rod and Gun club. The full charge of a shot gun entered the side of young O'Brien's face, causing instant death.

### CHEROKEE SPECULATORS.

Going to Get Big Money Out of That Grazing Permit.

TAHLEQUAH, I. T., Aug. 27.—The Cherokees are wild with excitement over the recent order of President Harrison instructing Secretary Noble to permit them to graze cattle on the outlet. A dispatch was sent here to Treasurer Ross giving him the information, and Tuesday there were hundreds of wealthy Cherokees on the outlet with an eye to speculating. Some are working the cattle schemes and others staking off farms and stretching wires for large pastures.

Captain J. L. Smith, a very prominent business man of this city, who has been on the strip for several days, has returned, and when interviewed, said: "I have just returned here to stay for a few days so as to make arrangements to go in the strip with my 50,000 head of Texas cattle. I think it an excellent chance for the Cherokees to speculate in that way. The land is surely ours, and if we do not make it pay it is our own fault."

When asked what was being done on the once forbidden ground, the captain said: "There are lots of fellows out there, and I believe I am safe in saying by the middle of the next week there will be 500,000 head of cattle on this vast prairie."

### CARRIED BIG INSURANCE.

MUSGRAVE MAY BE ALIVE AND IN HIDING SOMEWHERE.

TERRE HAUTE, Ind., Aug. 27.—The disclosures in yesterday's Chicago Times that B. R. Musgrave, the swindler and fugitive, whose charred remains are supposed to have been those found in the ruins of the burned log cabin near here last Sunday night, was carrying heavy accident insurance in the United States Mutual, caused much interest here and furnishes the police of this city, they believe, the motive for the desperate ruse of Sunday night.

There are few if any persons here outside of Musgrave's intimate friends who do not now believe that the swindler is alive and in hiding, and that the remains burned to a crisp in the log cabin were those of another person, either a corpse or a skeleton that was carried to the cabin in the big brown valise seen there. Chief of Police Mengher is in Chicago investigating the matter.

### Tramp Fatally Shot.

BELFAST, Me., Aug. 27.—Charles L. Brown, a Newburyport (Mass.) tramp, was yesterday fatally shot by Lewis Brewster, a pensioner, aged 74. Brown, it is said, ejected Brewster from his home some two months ago, and since then has been living with Mrs. Brewster. Yesterday Brown and Brewster met on the street, when the former began an assault on Brewster with the above result.

### A Widow's Suicide.

PORLTND, Ind., Aug. 27.—Widow Hartman, residing just in the edge of Blackford county, four miles from Dunkirk, committed suicide by hanging late yesterday evening. No motive can be assigned for the act. She was in comfortable circumstances.

### Ingersoll's Private Secretary Better.

CROTON LANDING, N. Y., Aug. 27.—I. Newton Baker, private secretary to Colonel Robert G. Ingersoll, who was shot on Saturday evening, Aug. 1, by Orville E. Anderson, has recovered sufficiently to be taken to the Catskill mountains. When leaving for the mountains he said he felt as well as ever, but that the bullet in his arm was somewhat painful.

### Arkansas Business Men Fight a Duel.

LITTLE ROCK, Aug. 27.—Walter Lomax and Al Morgan, prominent business men and politicians of north Arkansas, fought a desperate duel yesterday with revolvers. Lomax was instantly killed and Morgan wounded. The tragedy resulted from a quarrel said to have grown out of remarks made derogatory to Morgan's business relations.

### Big Timber Steal.

ASHLAND, Wis., Aug. 27.—Government officials are after some one at the Fond du Lac agency, in Minnesota. Ten million feet of pine has been cut off the reservation. The Indian farmers at Fond du Lac reservation have been removed, and wholesale arrests will be made.

### Prize Fighter Hall Improving.

MOUNT CLEMENS, Mich., Aug. 27.—Hall, the prize fighter slashed by Parson Davies, is rapidly improving and expects to be out by Saturday. Blood poisoning alone can give him a relapse.

### McAuliffe Puts Up His Money.

NEW YORK, Aug. 27.—Jack McAuliffe deposited \$500 yesterday to make good his match with Austin Gibbons.

### Collieries Flooded.

PHILADELPHIA, Aug. 27.—The collieries of the Reading Coal company in the Schuylkill valley are all partially flooded as a result of the recent severe storms, and mining has been seriously interfered with. Several collieries have entirely suspended work.

### Young Lady Drowned While Bathing.

NYACK, N. Y., Aug. 27.—Miss Rose Cook, a highly respected young lady of Upper Nyack, was seized with cramps while bathing in the Hudson river yesterday afternoon and was drowned.

### Eight Stores Burned.

OMAHA, Aug. 27.—A special to The Bee from Lexington, Neb., says fire yesterday destroyed eight stores in the principal business block, causing a loss of \$40,000, with small insurance.

### Burned by Exploding Gas.

CHICAGO, Aug. 27.—One man named Maurice Call was fatally and seven others seriously burned by an explosion of gas in the new city water tunnel now being constructed under Lake Michigan.

### Tupper to Become Premier.

MONTREAL, Aug. 27.—It is said by well-informed authority that Sir Charles Tupper, high commissioner for Canada to Great Britain, will soon become the Canadian premier.

### Via the Paris Green Route.

NEW YORK, Aug. 27.—Alfred H. Hickliff, a well known importer, committed suicide by taking paroxysm green at his office, 28 Murray street.
